**Clint Bowyer Back in Chase Field, Crew Chief Shane Wilson Wins
MOOG® ‘Problem Solver’ Award Following Strong Finish at Chicagoland**

Clint Bowyer edged back into the top 12 drivers in Sprint Cup points and his crew chief, Shane Wilson, captured his second NASCAR® MOOG® “Problem Solver of the Race” Award as the #33 Cheerios/Hamburger Helper Chevrolet finished fourth in the Lifelock.com 400 at Chicagoland Speedway, Joliet, Ill.

Sponsored by global vehicle components manufacturer Federal-Mogul Corporation (NASDAQ: FDML), the MOOG Problem Solver Award is presented following each Sprint Cup event to the crew chief whose car posts the largest increase in average lap speed from the first half to the second half of the race while finishing on the lead lap. Bowyer and the Richard Childress Racing-owned #33 Chevrolet improved 0.369-second per lap over the final 133 trips around Chicagoland’s 1.5-mile tri-oval.

Bowyer’s strong finish – just his second top-five of the year – came following a heartbreaking late-race mishap had ruined the team’s chances of victory last week at Daytona International Speedway. The team bounced back with what Bowyer called an “excellent” car for Saturday’s hot and humid conditions, and then Wilson and crew continually tweaked the Chevrolet’s MOOG-equipped chassis to ensure optimal handling as temperatures cooled.

“The #33 team brought a near-perfect car to the track and then kept it in great shape as the sun went down and the track became more challenging,” said Federal-Mogul Motorsports Director Tim Nelson. “It was obvious that Clint had a lot of confidence in his chassis setup

all night, which is a direct reflection of the decisions Shane Wilson made throughout the evening.”

Bowyer’s return to the top 12 makes him the third Richard Childress car in the tentative field for the season-ending, 10-race Chase for the Sprint Cup. Just seven races remain before the Chase lineup is finalized.

MOOG chassis parts, the leading choice of crew chiefs and automotive repair professionals, are available through thousands of vehicle service businesses and parts stores throughout the U.S. and Canada. The unique benefits of MOOG components and other Federal-Mogul products are highlighted in the company’s innovative "Smart Choice" campaign, which reinforces the message that longer lasting, better performing replacement parts are today's best option for technicians and consumers.
